There being no further business from Unfinished or New asked Mr. Baker to repeat his comments to Mr. Wright. Ted Baker wanted to comment and congratulate the City's Street Department for the excellent work over the snow and ice storm. I was pretty much out for both Thursday and Friday and I was amazed not surprised but just amazed at how great they were and how passable they were under the conditions of being extra cold and salt does not always work during those times. I would like congratulate Donnie Wright and his team and staff and everybody who made this work. Because we have not had one of those for quite a while, the limited number of employees at the street department worked many hours that is a huge thing and the City of Muncie appreciates it, so thank.
