Subject: Updates on Roads May 13

Jeff and Harold and Sara,

The next four streets to pave by our City team after Oakwood and Tillotson (north of Purdue) are:

- 1- Northfield.- We will be doing Northfield just north of McGalliard. It is a neighborhood street in really bad shape. While the team is up on Oakwood, they are going to go ahead and get Northfield done.
- 2- 27th street paving. - Wanted to let you know that our City team will be doing 27th street in your district in the next grouping. Jeff, this is the one you and I have discussed a few times over the last year. We are finally positioned financially and with our team to get this handled.
- 3- South Elm Street. – After 27th Street is completed, we will be sending our team to South Elm Street in the South Central Neighborhood. Elm paving will begin at Willard and go south from there.
- 4- 5th Street. -We plan do 5th street from Jefferson to Madison while we are in the area.

Please let your residents know that there could be some congestion during the work.

Best regards,

Dan Ridenour
Mayor

City of Muncie
300 N High Street
