Subject: District 3 Construction

Brandon,

Below is some of the construction work that is going on in your district. I am certain you are aware but wanted to be helpful so you to have the info needed to answer resident questions. I copied all council members.

District 3:

- 1- Skatepark- Located in Westside Park this addition of a skatepark is approaching completion. When it is ready to go, we will have a ribbon cutting that we hope you can attend.
- 2- We will be paving 8th street on the far west side of your district next week. Milling is complete.
- 3- We will be paving Perdieu Rd on the far west side of your district next week. Finish Milling today. These are the first two streets paved this season.
- 4- Tillpond- The urban fishing park south of Memorial on Tillotson is now under construction. Much of the clearing has already been done. This park will have a path, fishing pond, shelter, and fishing piers.
- 5- Downtown Gateway- At the intersection of High St./Wheeling/Franklin St. we are building a public space. This will have trees/plantings, seating and a MUNCIE image. Should be completed in 2025.
- 6- 220 S Walnut- Boyce Systems is currently remodeling the 3rd floor of the building with the goal of moving their corporate offices to Muncie. Should be moving to downtown by June.

Best regards,

Dan Ridenour
Mayor

City of Muncie
